EXAMINER'S AMENDMENT

1. The application has been amended as follows:

Page 7, line 13, change "8A1" to -8C--.

Authorization for this examiner's amendment was given in a telephone interview with Adrian Calderone on 2/28/05.

Allowable Subject Matter

2. Claims 41-47 are allowed.

The following is an examiner's statement of reasons for allowance:

The Prior Art does not teach or suggest the method for assembling a pressure actuated tubular switch assembly comprising a step of providing a terminal plug assembly including at least one wire lead attached to a contact plate having first and second contact electrodes disposed respectively on opposite sides of the contact plate, and malleable, deformable ferrule; inserting the contact plate into an open end portion of the tubular sensor wherein the end portion of the tubular sensor is at least partially surrounded by the ferrule; crimping the ferrule to a position wherein the end portion of the tubular sensor is compressed such that the first conductive electrode film is in electrical contact with the first contact electrode and the second conductive electrode film is in electrical contact with the second contact electrode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
